About CashBack for Communities

CashBack for Communities is a Scottish Government programme which takes funds recovered from the proceeds of crime and invests them into free activities and programmes for young people across Scotland. Inspiring Scotland is the delivery partner for the CashBack for Communities programme, appointed in July 2012.

- CashBack invests monies seized from criminals under the Proceeds of Crime Act 2002 back into our communities.
- Since 2008 the Scottish Government has committed £92 million to CashBack / community initiatives, funding community activities and facilities largely, but not exclusively, for young people.
- CashBack supports all 32 Local Authorities across Scotland.
- Sporting and recreational activities / culture / mentoring and employability / community projects.
- CashBack has delivered nearly 2 million activities and opportunities for young people.
- Phase 3 of CashBack runs to end March 2017 and is focused on positive outcomes for young people.

CashBack for Communities: Aims

CashBack activities:

- Use the proceeds of crime in a positive way to expand young people's horizons and increase their opportunities to develop their interests and skills in an enjoyable, fulfilling and supportive way.
- Are open, where possible, to all children and young people, while focusing resources in those communities suffering most from antisocial behaviour and crime.
- Seek to increase levels of participation to help divert young people away from 'at risk' behaviour, and will aim to increase the positive long-term outcomes for those who take part.

Activity number represents the number of activities and opportunities that young people have taken advantage of as a result of CashBack funding. It should be noted that CashBack partners may have worked with some of the same young people over a number of years. Therefore the total annual activity and opportunity figures might not directly correlate to the number of individual young people who have been involved with CashBack.

Historic CashBack funding (2008 -2016)

Examples of CashBack funded activities up to 2016

The Small Grants Scheme consortium has been a beneficiary of CashBack funding in Western Isles since 2008 and this has included supporting Scouts, Youth Scotland and Youth Club activities across the area.

YouthLink Scotland, through the Youth Work Fund, has supported capacity of young people and youth work organisations. Examples in the Local Authority include Bridge Community Centre, Barra Youth Café and Lewis and Harris Youth Club Associations.

Creative Scotland through **CashBack for Creativity** funding stream has supported the project An Lanntair: young Hebridean's will work with contemporary dancers to create a dance film and performance based on a sense of place.

Prince's Trust Development Awards have been used to support a number of young people in the area including funding for Forklift driving courses.

The Scottish FA runs the Midnight League programme at Lewis Sports Centre in Stornaway as well as delivering Street Football in the Smith Avenue in the town and at Lewis and Benbecula astro pitches.

Scottish Rugby Union runs broad participation activities in Western Isles and has a very active club and school network run by a number of active volunteers. The Nicolson Institute has been School of Rugby since 2011. The programme is delivered by Darren Beattie (PE Teacher) at Nicolson Institute; additional support and advice is available through Alastair Chalmers, the Partnership Projects Development Officer for Scottish Rugby. Boys and girls take part in up to 5 sessions per week of rugby training and classroom based sessions, augmented by values workshops.

Eilean Siar – CashBack Outcomes: Case Studies

CashBack has made a huge difference to the lives of young people. We have captured information on individual case studies for CashBack partners which demonstrate the impact delivery activities have had to those participating. These can be accessed on the CashBack website at <http://www.cashbackforcommunities.org/>

The Scottish Rugby Union School of Rugby programme at the Nicolson Institute has been in existence since 2011. The project aims to place rugby at the centre of school life, providing over 35 pupils in S1-3 with additional opportunities to focus on the sport, receiving up to 5 sessions per week during curricular and extra-curricular times. Pupils are tested throughout the year to assess improvements in core rugby skills; physical competence; and their behaviour and performance in school generally. Rugby is also used as a context for learning and a theme for cross-curricular projects, values workshops, visits to professional rugby environments etc. Pupils' behaviour is monitored as is their skill development and physical competence. The school has provided evidence on the impact the programme is having on some challenging and disengaged young people, as well as growth of rugby participation throughout the school. As well as seeing an increase in rugby participation, the programme has also resulted in improved school attendance, reduced behaviour referrals and increase merits being achieved by the pupils involved.

The Pointers Youth Committee was awarded over £2400 as part of the YouthLink Scotland Youth Work Fund in 2014. The project is designed to deliver music nights in the Pointers and other music events in Lewis and Harris targeting young people who do not wholly engage with other areas of the community but who are willing to get involved through the arranged 'rock and roll' or alternative music events. The music events are well attended and form part of the Sober Island Nites initiative which encourages young people to enjoy themselves without needing to drink or take substances.
