Cabinet Secretary's Introduction

It is only right that cash seized from criminals is invested directly to improve lives, increasing opportunities for Scotland's future – our young people.

“I am keen to ensure that these opportunities continue to be provided in disadvantaged communities across Scotland.”

I am rightly proud of the Scottish Government’s unique CashBack for Communities programme – a programme that makes crime pay by seizing criminals’ cash and investing it in the young people of Scotland through sports, youth work, employability and cultural diversionary activities.

CashBack impacts on criminals and their illegal gains, reinvesting bad money for good purposes to build better, safer, healthier communities, improving facilities, running projects that in many cases would otherwise simply not have existed, and giving our young people something positive, purposeful and constructive to do.

Since becoming Cabinet Secretary for Justice, I have had the opportunity to meet with a number of young people who directly benefit from CashBack funding.

I have visited projects which range from diversionary work to more long-term potentially life-changing interventions which aim to turn an individual’s life around and provide them with the opportunity of a positive destination such as employment, education, or volunteering.

I have seen first-hand the positive impact that CashBack funded activities can have on young people and I am keen to ensure that these opportunities continue to be provided in disadvantaged communities across Scotland.

Crime brings misery to individuals and communities. It is only right that cash seized from criminals is invested directly to improve lives, increasing opportunities for Scotland’s future – our young people.

This local authority pack provides a flavour of the CashBack for Communities programme, the activities and opportunities it funds in your area and the real difference it makes to young lives.

What is CashBack for Communities?

Investing in Scotland's young people.

CashBack for Communities is a Scottish Government programme which takes funds recovered from the proceeds of crime and invests them into free activities and programmes for young people across Scotland.

£92m

Committed to supporting Scotland's Young People from 2008 to 2020.

CashBack activities aim to improve self-confidence and self-esteem for the young people who take part, whilst also supporting those communities worst hit by crime and anti-social behaviour. CashBack for Communities' goals cut across Government policy areas and support the achievement of a range of outcomes identified in the National Performance Framework.

The current projects range from diversionary sporting activity to long-term and potentially life-changing intervention projects, which are intended to turn an individual's life around and provide them with the opportunity of a positive destination such as employment, education, training or volunteering.

74,576

Activities funded 2016-17.

£5.3m

Project spend 2016-17.

CashBack for Communities themes

Culture: Through the CashBack for Creativity Open and Targeted Funds, financial support has been provided to a range of arts projects. The supported projects work with young people to increase attainment, soft and vocational skills.

Employability: Organisations supported within this strand work with young people through motivational employability programmes which enable and inspire young people into positive destinations of employment, education, training and volunteering.

Sport: Organisations within this strand supported participation in activities with clubs and schools as well as diversionary activities for young people aimed at reducing anti-social behaviour and creating player pathways for young people to progress in sport.

Sport for Change: This theme uses the power of sport to increase young people's knowledge and skills around important areas such as health and citizenship, delivering positive lifestyle messages, and promoting and facilitating sustained physical activity.

Youth Work: CashBack has supported youth work projects since 2008 and sees this area as critical. Projects supported young people to become successful learners, confident individuals, effective contributors and responsible citizens.

Pitreavie RaceRunning received £21,090 from the Facilities Fund to purchase specialist bikes for young people with a disability, in particular those with limited mobility.

Facilities: In 2016, the £2m CashBack for Communities Facilities Fund was launched which supported not-for-profit community-based organisations working with young people within the sports and outdoor learning sectors. Funding of up to £150,000 was available towards improvements to facilities and/or equipment in order to offer high-quality sport and physical activities which support the health and well-being of young people in areas where there is identified need. The Fund also supported revenue costs associated with the proposed opportunities to a maximum of 10% of the total amount requested.

41 community groups received funding, with investment allowing for activities such as bike parks, netball, dance, kayaking and football to be improved around the country.

CashBack for Communities Partners 2017-18

Action for Children

From April 2017, the **Positive Choices** employability programme was expanded to offer more intense support under **CashBack Positive Choices Plus**. Providing 1:1 mentoring and group work to those young people furthest from the work force and follow-up support to sustain positive destinations.

Barnardo's Scotland

The **Fit for Work through CashBack** programme is an 8-week interactive and bespoke employability programme. It will provide intensive 1:1 mentoring and group work to those young people furthest from the work force (stages 1 and 2 of the employability pipeline) and provide follow up support to sustain positive destinations.

basketballscotland

The CashBack for Communities **Basketball Vs Disadvantage** programme in phase 4 focuses solely on supporting disadvantaged young people through the social and academic **School of Basketball** programme across 16 secondary schools.

Bridges Project

The **Way2Work#CashBack** programme will deliver four group work programmes annually, lasting 10 sessions, with individual follow-up support for up to 18 months and job practice placements. It will provide intensive 1:1 mentoring and group work to young people furthest from the work force and provide support to sustain positive destinations.

Celtic FC Foundation

CashBack Gateway to Employment is an employability project aimed at people aged 16-24 focusing on those who have offended or are at risk of offending. The project provides opportunities for young people from areas with high rates of anti-social behaviour and crime to access a range of activities designed to move them into positive destinations.

Creative Scotland

The **Targeted Fund** will support art organisations to provide disadvantaged young people pathways to positive destinations and develop soft and vocational skills. The **Open Fund** will offer funding to provide short- to medium-term projects to disadvantaged young people, with an emphasis on positive activity participation.

Impact Arts

CashBack to the Future delivers a 4-week full-time programme of activities led by inspirational artists supporting participants to engage in arts and creative activities, followed by 36 weeks of aftercare. The design of the programme ensures development of team working and communication and leadership skills as part of each creative activity.

National Autistic Society Scotland

Moving Forward with CashBack for Communities is an 8-week work placement and 10-week job search support to young people from areas of deprivation with autism who are furthest from the work force and provides follow-up support to sustain positive destinations. It will provide 1:1 mentoring and group work, preparation for employment.

Ocean Youth Trust Scotland

The **New Horizons** project, delivers 5-day sailing voyages, which provides opportunities for self-development through the experience of adventure under sail. In working through the voyage syllabus, New Horizons helps young people to build confidence, respect, responsibility, resilience and the ability to work as part of a team.

Prince's Trust

The **Development Awards** scheme supports young people in overcoming financial barriers to accessing education, training, employment or volunteering opportunities. Awards up to £500 can be accessed and used to help fund a number of costs, including training fees, equipment or clothing, travel costs and licences.

Scottish Sports Futures

The funded programmes include **Jump2It**, a health and citizenship activity in primary schools, **Twilight Basketball** which includes basketball, workshops and educational timeouts. **Education through CashBack** is a unique initiative designed to share best practice across sports projects with coaches, youth workers and volunteers.

Scottish Football Association

My Community CashBack Project focuses on prioritising the social and academic **School of Football** programme, including Girl's classes. The **My Volunteer and Inspire** programme creates individual learning pathways, and the **My Inclusive Community** project supports the development of 20 participation centres in Glasgow and Edinburgh.

Scottish Rugby

The Phase 4 project will support 15 **CashBack Schools of Rugby** at host secondary schools (and feeder primary schools) in some of the most deprived areas in Scotland. Providing opportunities, building capacity and confidence in disadvantaged young people whilst developing fitness, cognitive skills, physical competencies and personal qualities.

Venture Trust

The **CashBack Change Cycle** programme consists of full-time courses combining outreach support, group mentoring, advice and skills development the classroom, workshops, online and outdoors. Vocational training in bike construction is delivered by Bike Station. Additional employability training is followed by work experience.

Wise Group

The **CashBack Wise Academies** programme targets young people in the latter stages of the employability pipeline leading to progression opportunities. The three-week academies linked to various sectors including construction, hospitality, customer service, care, retail and security, providing progression into real employment opportunities.

Youth Scotland

Generation CashBack will be delivered by as part of a partnership consortium consisting of: Youth Scotland, Girlguiding Scotland, Boys' Brigade and Scouts Scotland. Local Development Officers ensuring the Consortium reaches into new communities and to young people, to provide learning, skills, leadership and employability opportunities.

YouthLink Scotland

The **Youth Work Fund** aims to create opportunities for young people and youth work organisations through funding activities and operating costs of youth projects up to a maximum of £10,000. YouthLink Scotland also administers the **CashBack for Creativity Open Arts Fund** and, since 2016, the **CashBack Facilities Fund**.

Case Studies

CashBack for Communities takes funds recovered from the proceeds of crime and invests them back into young people and communities the length and breadth of Scotland.

These case studies are just a small selection of the huge number of examples where CashBack has helped to transform lives and give young people opportunities to develop new interests and skills in an enjoyable, fulfilling and supportive way.

Steven's story: Building confidence through music

Beatroute Arts is a community-based youth project in the North of Glasgow which provides opportunities for creative learning. The project helps young people to develop new skills and gain confidence. Throughout 2016, Beatroute received CashBack funding through Creative Scotland's Open Arts Fund.

Steven lacked confidence and suffered from social anxiety which meant he spent most of his time on his own in his bedroom. After finding out about Beatroute at an open day, Steven's father thought he may benefit from its programmes as he had shown an interest in, and aptitude for, playing the piano.

Beatroute arranged for Steven to take part in a "taster" piano lesson. At the taster session Steven did not make eye contact, said only "yes" and "no" and seemed acutely uncomfortable in a social environment. He continued to come to piano lessons for the next six months. Although his progression was remarkable he still showed little confidence in social situations.

When Beatroute received funding to deliver the Cashback project, staff encouraged Steven to participate and to meet other young people who enjoyed music. Steven attended almost every session. He engaged with the song-writing and composition activities and, through support from the dedicated tutors, he also developed an aptitude for other instruments such as the drums and the guitar. Over time, he became friends with other young people, some of whom attended his school, and formed two bands in which he is still an active member.

Beatroute has changed my life.

- Steven

Although it has taken a while, Steven is now a quietly confident young adult with a steady peer group both at school and at Beatroute. In his own words, Steven said that coming to Beatroute had "changed my life", saying he can now speak to other people "without feeling sick". He now demonstrates more self-confidence. Steven now walks with his head up, and will greet staff when he arrives at the project and sometimes comes in for a chat, something which would have been impossible for him in the past. He performs at Beatroute events in front of audiences, both with his bands and as an accompanist for the younger singers. He has recently taken up a volunteering role at Beatroute, acting as a mentor and supporting the workers in delivering music sessions to groups of younger participants.

Patrick meets Celtic FC manager Brendan Rodgers.

CASE STUDY – CELTIC FC FOUNDATION

Patrick's story: A sense of purpose

Patrick is one of many young people who prove that participation in CashBack Gateway to Employment can help change lives. He is now employed by Celtic FC Foundation having completed a 1-year contract with them which was funded through Community Jobs Scotland. He is progressing personally and professionally – working on a range of projects.

When Patrick was fourteen he fell in with an older crowd who were a bad influence and he gradually stopped attending school. He began drinking and taking drugs, which led to serious criminal charges including assault and robbery. Patrick was in and out of young offender's institutes and prison between the ages of fifteen and twenty-two.

“Barlinnie was hell.... It made me realise that I had to make a change for the sake of myself and my family – I was determined to break the miserable cycle of alcohol, drugs and violence.”

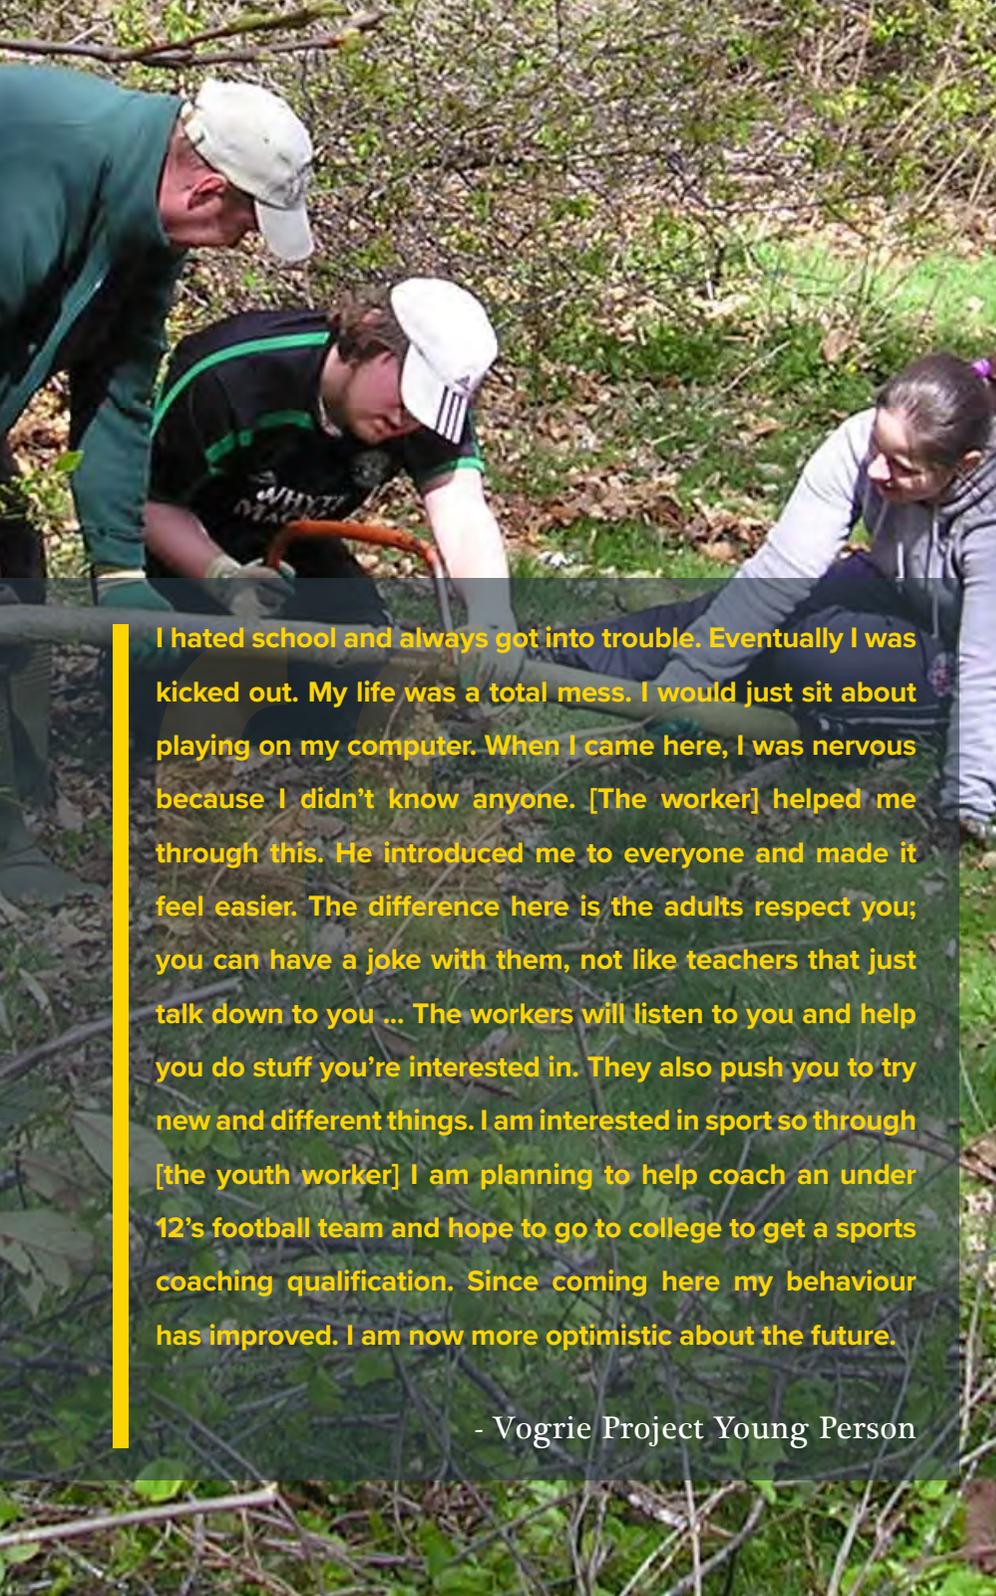

After his release from prison, Patrick heard from a friend about a course he was doing with Celtic FC Foundation. Patrick realised this could be a good opportunity for him to turn his life around and managed to secure a place on the course.

Patrick learned how to build a CV, fill in application forms and experienced mock interviews. After eight weeks participating in the project he was offered an interview for the role of community coach with Celtic FC Foundation and was successful.

Patrick has gone from strength to strength demonstrating determination, perseverance and how utilising the support around him can bring positive changes. He has now been a community coach with Celtic FC Foundation for one year. He shares his own experience with new participants on the employability courses and he now looks forward to the future.

I have a real sense of purpose and absolutely no desire to go back to my old ways, this is the happiest I've ever been in my entire life. The opportunities have not stopped for me either... For the first time in my life, I am not afraid of the future – I hope the best is yet to come.

- Patrick

CASE STUDY – YOUTHLINK SCOTLAND

The Vogrie Project: Nurturing in nature

The Vogrie Project ran from 2014 to 2017. It supported 60 young people, and received just over £8,500 of funding from the CashBack Youth Work Fund.

The project idea came about through a discussion with young people engaged in community learning and development services in Midlothian. It was found that more had to be done to successfully capture and sustain the involvement of young people at risk of offending or other negative social outcomes. The ‘Letting Nature Nurture’ project was set up, using the outdoors as a way of nurturing young people’s positive characters and strengths.

Young people are collected and taken to different woodland locations where they learn to safely use the tools and crafts needed for working in horticulture and woodland management. Through team

and individual coaching and mentoring, relationships are formed with youth workers. The focus is on nurturing positive characteristics such as respect for self and others, risk management, time-keeping, commitment, team work and a love of nature.

The Vogrie Project is a high-intensity diversionary youth work project that aims to provide young people with outdoor learning and skills development experience. It aims to contribute to the following CashBack outcomes:

- Increased participation by difficult-to-engage and equalities groups;
- Increased opportunities to develop interests and skills;
- Greater confidence and self-esteem among young people; and
- More young people achieving accreditation for their learning.

I hated school and always got into trouble. Eventually I was kicked out. My life was a total mess. I would just sit about playing on my computer. When I came here, I was nervous because I didn't know anyone. [The worker] helped me through this. He introduced me to everyone and made it feel easier. The difference here is the adults respect you; you can have a joke with them, not like teachers that just talk down to you ... The workers will listen to you and help you do stuff you're interested in. They also push you to try new and different things. I am interested in sport so through [the youth worker] I am planning to help coach an under 12's football team and hope to go to college to get a sports coaching qualification. Since coming here my behaviour has improved. I am now more optimistic about the future.

Greg's story: Giving back

They helped me and it was a massive thing. They got me a new family. My mum went back to Poland and left me alone. They helped me so much, so I wanted to give them something back, so I offered to volunteer for them.

- Greg

Shell Twilight Basketball is a national programme run by Scottish Sports Futures. It provides basketball sessions infused with education and life-skills. Sessions are free and available for all 11-21 years olds.

Greg moved to Glasgow with his mum from Poland. Their relationship broke down when Greg's mum met a new partner and returned to Poland leaving Greg alone.

Greg was encouraged by his school friends to join them at a Shell Twilight Basketball session. He enjoyed it so much that he hardly missed a session in the three years of attending. One of the biggest benefits of Shell Twilight Basketball for Greg has been making new friends.

Greg's coach noticed that he started coming to Shell Twilight Basketball sessions in what he described as, 'a bad state' in terms of this appearance and clothes. The coaches were concerned about Greg and as they got to know

him better, he 'opened up to them' and told them about his situation at home. The Shell Twilight Basketball project coordinator contacted social services to help Greg get support.

Greg has a new arrangement where he lives with the family of one of his friends from Shell Twilight Basketball. He has been living there for three years. The support that Shell Twilight Basketball was able to provide Greg with has given him a new lease of life, and in return, Greg volunteers as a coach at every session.

Greg has been through referee training and is now paid to referee at basketball games across the country. He also recently took on the role of a Shell Twilight Basketball Ambassador, organising and supporting events and plans to continue coaching at Shell Twilight Basketball. Greg's coach nominated him for a SSF award for dedication in personal development – and Greg won!

High school wasn't for me, but on the boat I felt like I'd found my purpose. It's cemented that this is what I want to do with my life - I want to work with sailing charities.

- Emma-May

CASE STUDY – OCEAN YOUTH TRUST SCOTLAND

Emma-May's story: wind in her sails

Ocean Youth Trust Scotland is a world-leading youth work charity. It delivers an annual programme of residential youth work voyages aboard its fleet of sail training vessels.

Emma-May's first voyage with OYT Scotland was through her young carer's group. She was busy caring for two family members and going to school, but was keen to try something new.

Prior to engaging with OYT Scotland, Emma-May was not sure what she wanted to do with her life. She sometimes felt overwhelmed and did not have all the support she needed to balance school and her caring responsibilities.

"There was a lot of pressure on me to be a young carer and to be at school. At school they didn't really understand or know what I needed. OYT [Scotland] definitely understand what kind of support I need and they know exactly how to support me." The voyage had a profound impact on Emma-May and sparked an interest which has led to her pursuing sailing as

a career. After returning from the first trip, Emma-May took up every possible opportunity to sail with OYT Scotland and has completed Bosun training and the Young Leader's Development programme.

Emma-May notes that her confidence and self-esteem increased greatly. She feels this was mainly down to the support of the staff and finally feeling she had found something she enjoyed doing and was good at.

After school, Emma-May went on to complete an HNC at college, fitting sail training in at every spare moment. She now volunteers full-time with OYT Scotland as part of a cadetship. She is hoping that once this is complete she will be able to work as an employee and continue a career in sailing.

She feels very positive about the future and excited about the possibilities that lie ahead.

Impact Evaluation

of the CashBack for Communities Programme 2014 - 2017*

Participation

Approximately **357,000** young people overall were involved in Phase 3. There is evidence that at least **107,000** young people took part in culture, employability, youth work and sport for change activity, with an estimate of **250,000** involved through sporting activities. In addition, more than **13,600** young people use CashBack-funded facilities each week.

Targeting deprived areas

Supporting those in need, across the following CashBack themes:

- **Employability** – 46% of participants were from top 15% SIMD;
- **Sport for Change** – at least 30% of participants were in top 15% SIMD;
- **Culture** – 35 to 39% of participants were in top 20% SIMD;
- **Youth work** – for Youth Work Fund and for Smalls Grants Scheme, 32% and 14 to 18% of delivery was in top 20% SIMD.

Between Employability, Sport for Change, Culture and Youth Work **32,500** of the 107,000 (around 30%) total young people across Phase 3 were from **top 15% or 20% SIMD areas**.

- **Sport** – Schools of Football, Rugby and Basketball were targeted at schools in the more deprived parts of Scotland, and diversionary activities such as Midnight League involved around **4,700** young people on a weekly basis;
- **Facilities** – increasing focus on supporting facilities in the most disadvantaged parts of Scotland. In the 2016/17 round of funding, **36%** of awards made by the Facilities Fund went to capital projects in top 20% SIMD.

Lessons learned from the Programme

- **Focus** – partners have learned that focusing more on targeted interventions, rather than mass participation, can help to ensure that key CashBack target groups are involved and that outcomes can be measured more effectively.
- **Monitoring and evaluation** – lessons have been learned about the need for clarity about the intended outcomes, indicators and reporting arrangements for each partner from the outset and this learning has been built into Phase 4.
- **Gender balance** – more young men than young women benefit from the CashBack opportunities. Some individual partners have explored this as they move into Phase 4 and it will be considered at programme level.
- **Informing Phase 4** – The lessons learned during Phase 3, particularly in relation to focus, monitoring and evaluation, have been built into the planning and delivery of Phase 4. This includes some partners focusing their activities on more targeted interventions rather than mass participation, and the development of a focused logic model with associated indicators to inform the whole of Phase 4 from application to reporting.

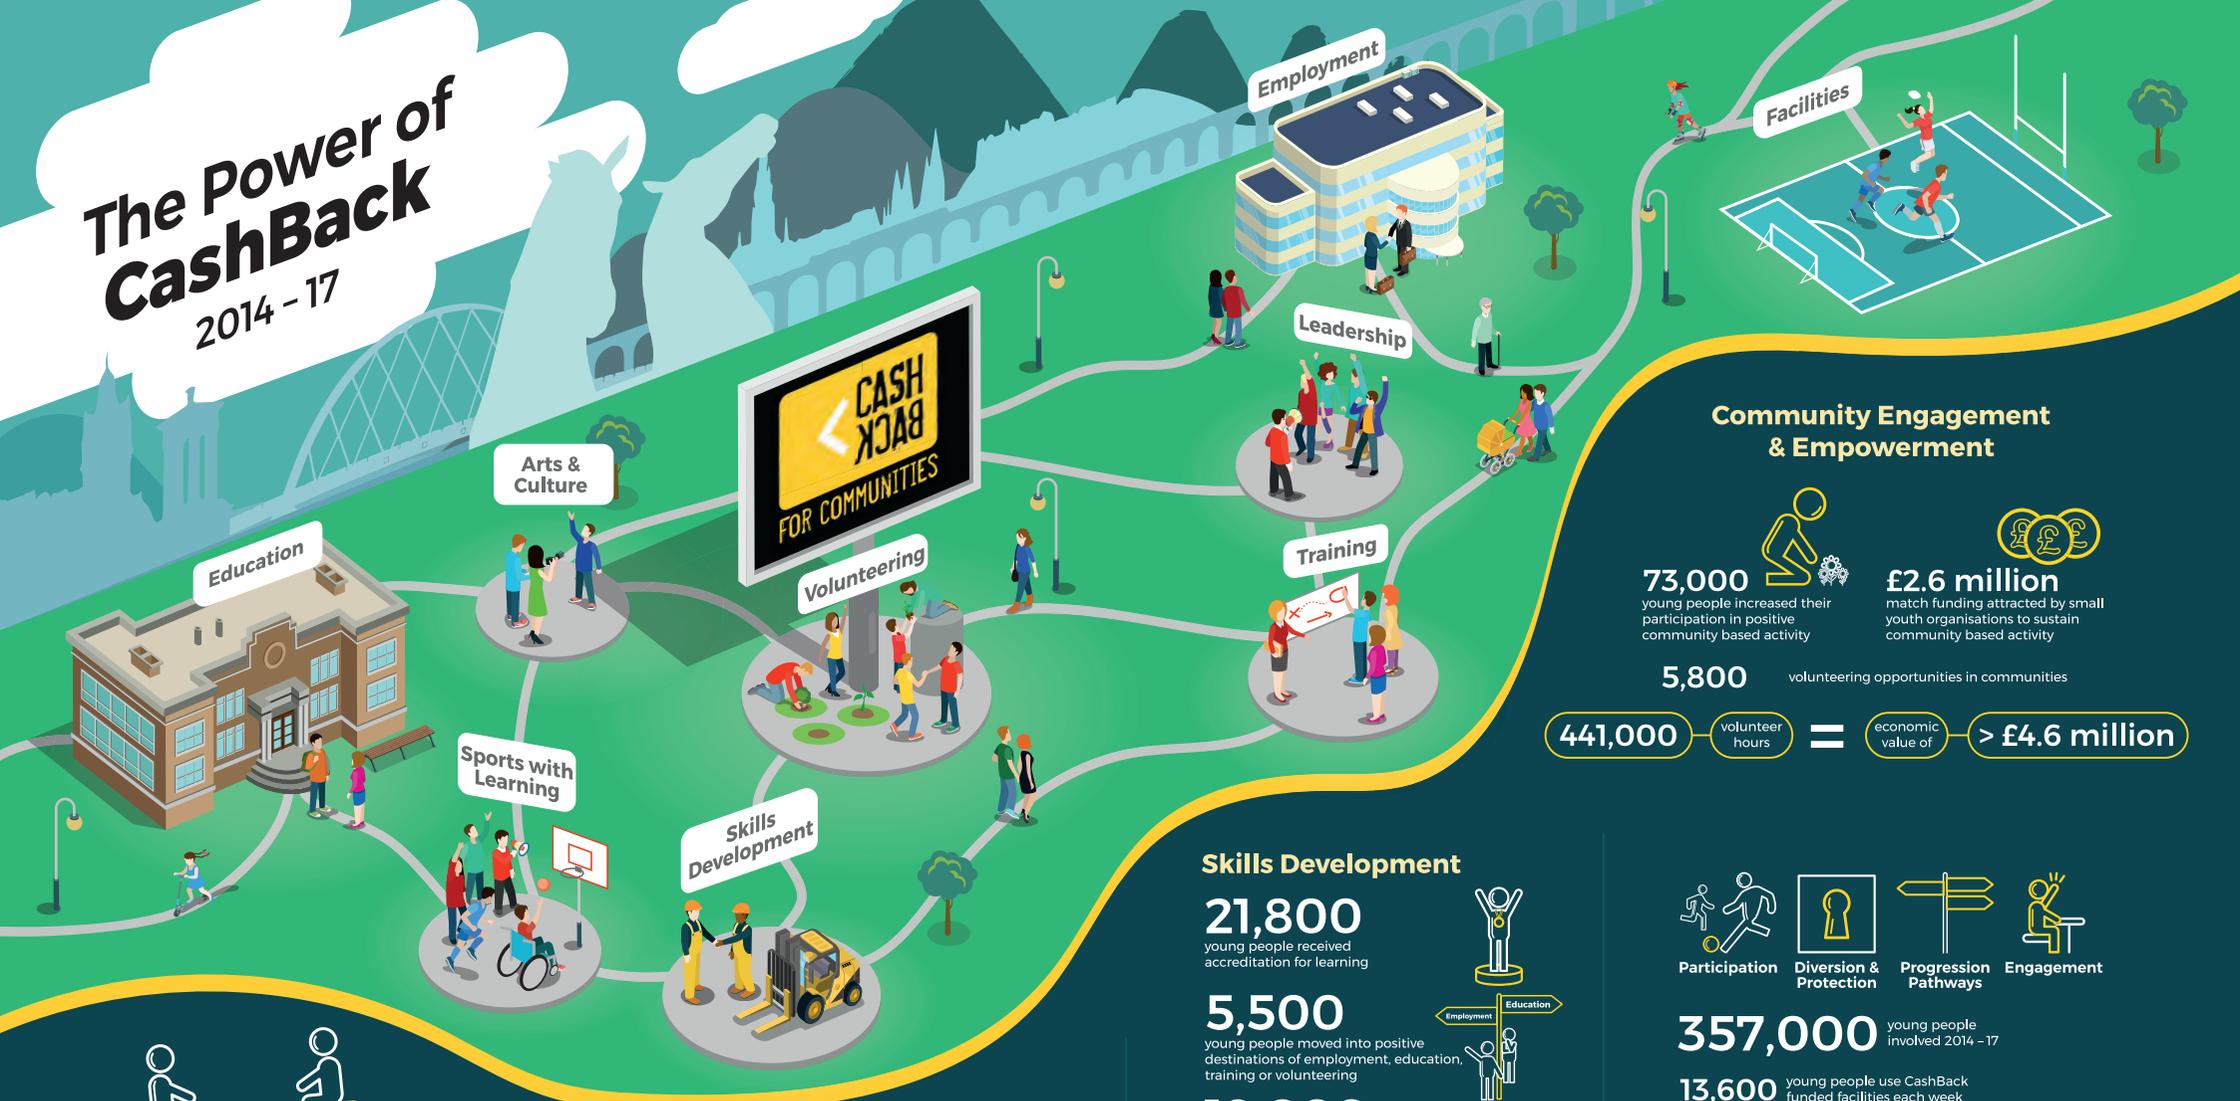

Successful approaches

CashBack partners identified key ways of working which contributed towards positive outcomes during Phase 3:

- Working in partnership – including within the CashBack family;
- Having an approachable, committed and highly-skilled staff team;
- Targeting the CashBack priority groups proactively;
- Engaging with young people over a relatively long period;
- Taking a flexible approach which involves young people; and
- Recognising and celebrating young people's success.

Impact on CashBack Partner Organisations

Partners felt CashBack helped build their capacity and sustainability around:

- impact measurement and evaluation; collecting and using performance data;
- collaborative working; and
- proving and adopting successful approaches into future work

CashBack Phase 4: 2017-20

Tackling inequalities

In May 2016, Cabinet Secretary for Justice Michael Matheson MSP announced that a fourth phase of three-year CashBack funding would take effect from April 2017.

Following a rigorous application process, a total of 17 of Scotland's leading sporting, charity, arts, community and youth organisations will deliver projects under the themes of Journey to Employment, Creativity, Diversionary Youth Work and Sport for Change.

Organisations involved in the new funding phase are:

- Action for Children
- Barnardo's
- basketballscotland
- Bridges Project
- Celtic FC Foundation
- Creative Scotland
- Impact Arts
- National Autistic Society
- Ocean Youth Trust Scotland
- Prince's Trust Scotland
- Scottish Football Association
- Scottish Rugby
- Scottish Sports Futures
- The Wise Group
- Venture Trust
- Youth Scotland
- YouthLink Scotland

Phase 4 of CashBack has a stronger focus on helping to tackle Scotland's inequalities – raising attainment, ambition and aspirations of those young people across Scotland who are disadvantaged by:

- **Living in areas of deprivation;**
- **Being unemployed, not in education or training;**
- **Being excluded, or at risk of exclusion from school;**
- **Being at risk of being involved in antisocial behaviour, offending /re-offending.**

Activities will range from diversionary youth work to more long-term potentially life-changing intervention projects which turn people's lives around and provide them with the opportunity of getting into employment, education or volunteering.

Activity number represents the number of activities and opportunities that young people have taken advantage of as a result of CashBack funding. It should be noted that CashBack partners may have worked with some of the same young people over a number of years. Therefore, the total annual activity and opportunity figures might not directly correlate to the number of individual young people who have been involved with CashBack. CashBack Facilities Fund spend is not included above, but rather the table reflect core project delivery programmes. Where applicable, CashBack Facilities Fund projects are described later within the detailed breakdown below.

	The purpose of CashBack for Creativity is to provide access to high quality experiential opportunities in all arts forms via three routes: (i) an Open Arts Fund for small grant awards of up to £10k for youth arts groups; (ii) a Strategic Fund for larger arts groups who focus on young engagement and employability; and (iii) a training and education route through College networks looking at engaging young people in vital skills required for the textile and arts sectors.	
Glasgow Clyde College - Future Textiles	Future Textiles will address employment needs of the textile industry by providing experiential learning for young people, generating opportunities for employment with reference to vocational skills in the creative textile sector. The project works closely with local and national industry to develop opportunities for young people to progress through the training programme directly into employment or further training. Workshops have been designed to ensure relevant skills are delivered to meet a range of company needs and develop a modern workforce. A number of employers are already committed to the project thereby ensuring the key objective can be met. Focus groups consisting of industry leaders, young people and teachers will drive the project forward with new ideas to develop growth.	Glasgow Clyde College, Ayrshire College, purpose built at Dumfries House.
Impact Arts - Gallery 37	Gallery37 Ayrshire is a multi-art form programme for young people aged 14-19. Led by inspirational Artists, supported by Youth Workers, it delivers creative and experimental activities which develop confidence and	Grand Hall, Kilmarnock. Impact Arts, Irvine.

	<p>independent thinking. In partnership with the Ayrshire Youth Arts Hub, Gallery 37 will enhance the quality of life for young people across Ayrshire, increasing the number of places and opportunities for arts engagement. Aligned with the hub's outcomes, we will be a flagship project, supporting the developing creative infrastructure within the region and enhancing the visibility of the newly emerging hub. Workshops take place in school holidays.</p>	Prestwick Academy, Prestwick.
<p>Centrestage Communities Ltd</p>	<p>Structured activities based around group based music tuition, singing workshops, urban and electronic composition and sound production will be delivered at the start of each session, designed to develop skills, confidence and experience before the participants determine the medium on which they wish to focus as individuals. By focusing on the existing, often untapped talents within these young people, we aim to help them improve their own lives by providing and developing the confidence to make this possible. Through unlocking individual musical gifts, we hope to discover unknown qualities and instil within each participant a sense of belief and self-worth.</p>	Local centres across East Ayrshire, Centrestage, Kilmarnock
<p>Creative Minds Team, East Ayrshire Council</p>	<p>The project will provide an avenue for young people, male and female, all over East Ayrshire to be part of a youth dance team.</p> <p>Transport into Kilmarnock will be provided for young people, where they will meet and take part in diverse dance workshops, Jazz, Hip-Hop and Parkour, provided by three excellent artists. The project will culminate in a performance in the Palace Theatre during the annual Dance Festival week.</p> <p>The second phase of the project will be a week-long summer school giving the young people an intensive week to hone in on their skills and further develop their mental, social and physical wellbeing, an end of week sharing will be produced.</p> <p>The final phase of the project will be a weeklong dance leaders course in the October school holiday. This will create leaders in dance which will</p>	<p>Civic Centre South John Dickie Street Kilmarnock KA1 1HW</p>

<p>Gallery 37 – CashBack to the Future</p> <p>This programme started in April 2017</p>	<p>Gallery 37 CashBack to the Future will deliver a 4-week full time programme of activities, led by inspirational artists which are fun and appealing to young people, in a structured programme that supports participants to progress positively, including re-engagement with school. The 4-week programme is followed by 36 weeks of aftercare for each young person participating. Gallery 37 seeks to unleash the creative talent of young people in local areas of deprivation through arts and creativity engagement, including use of animation, performance, music and visual arts. The design of the programme ensures that young people will develop a range of soft skills including communication, team working, leadership and decision making as part of each creative activity.</p> <p>The programme will identify young people (14-19 years) at risk of unemployment, not engaging in education or training and/or being excluded from school, or at risk of being involved in antisocial behaviour. Through early engagement, using an early intervention and prevention approach, this provides the opportunity for young people to break the cycle of deprivation and enables them to achieve their full potential. The aftercare process will provide every young person with support and progression planning along with an individual support plan.</p> <p>The programme will be delivered during school holiday periods.</p>	<p>Kilmarnock Cumnock</p>

<p>Moving Forward with CashBack for Communities</p> <p>This programme started in April 2017</p>	<p>An 8-week work placement and 10-week job search support to young people from areas of deprivation with autism who are furthest from the work force and provide follow up support to sustain positive destinations. It will provide intensive 1:1 mentoring and group work, preparation for employment. The project will support young people from areas of deprivation with autism to overcome barriers to employment and consists of the following stages:</p> <ol style="list-style-type: none"> 1. Initial Assessment: Background information, including employment history, education and support needs, will determine the individual's precise route along the pathway. Given the difficulties the target group of young people can experience around change and transition, it may be necessary to conduct additional one-to-one meetings, prior to deciding next steps. 2. Options for Individuals not ready to progress: Some young people will require alternative support before they are ready to fully engage with the programme. This is identified in the Initial Assessment and NAS can offer mentoring with a mix of Face to Face and E-Mentoring. It is expected this will help the young person remain engaged with the project in order NAS 	Delivered in Glasgow

can support their journey to employment when they are ready, and will be supported by NAS services.

3. Preparation for Employment: Group sessions to identify and prioritise issues participants wish to address. Topics covered include; Starting Conversations, Reading Body Language and Understanding the Autism Spectrum. This will help young people to build social confidence, learn how to manage anxiety and develop a better understanding of the recruitment process. The project will target barriers experienced specifically by autistic people which are not covered in other employment support programmes but are essential to their progression into work.

4. Work Placement: NAS will support young people who would benefit from work experience into part time work placements lasting up to 8 weeks. To ensure young people get the most out of their placement a preplacement visit will be conducted to assess the workplace to ensure they are suitable and identify potential challenges. NAS will run autism awareness sessions for staff of supporting workplaces. A member of the NAS project team will conduct monitoring visits and engage in formal feedback with the young person.

5. Job Search Support: This stage will take up to 10 weeks and will help young people identify and apply for employment. The young person will be supported to; build a job search toolkit, identify suitable vacancies, complete application forms and prepare for interviews. NAS will identify and apply for training courses, higher/further education, voluntary work etc. if these are preferred or more appropriate outcomes for the individual.

Working with employers – will deliver autism awareness sessions to employers in Glasgow and the surrounding area to ensure opportunities

	are available for young people with autism. NAS will then refer young people to those employers they have worked with successfully.

CashBack Wise Academies This programme started in April 2017	<p>The CashBack Wise Academies programme will run until June 2019 targeting young people in the latter stages of the employability pipeline leading to progression opportunities. The programme will support the delivery of the three-week sector based academies linked to employer opportunities. The sectors involved will include landscaping, maintenance, hospitality, customer service, care, retail and security. Engagement and programme delivery will be led by a coach in each of the targeted areas with the support of the Employer Engagement Officer who will identify opportunities for young people across these sectors, co-ordinate approaches to employers and strategic partners as well as supporting the creation of customised training offers that link work placement and employment opportunities. The delivery model offers a structured programme with clear objectives around progression into real employment opportunities, leading to better outcomes for young people.</p> <p>As a new approach to employer engagement, The Wise Group is developing a strategic partnership with a large-scale jobs, recruitment and employment agency to linking the delivery of employability support and training, to employment opportunities across all sectors within their portfolio, widening access to opportunities for clients and creating better opportunities for sustainable employment that benefits both the employer</p>	Galston Auchinleck Kilmarnock Altonhill Longpark Hillhead Doon Valley Hurlford

and our clients. This exciting opportunity has the potential to transform the access to labour market opportunities and approach to employer engagement to support the delivery of our CashBack for Communities project. The first pilot programme is scheduled to be delivered in October 2017 and will be piloted with a large-scale employer in the Care Sector. This partnership will provide a consistent flow of opportunities with employers across all sectors and will support the delivery of consecutive programmes within each area. As well as developing opportunities within the main sectors like care and construction, The Wise Group plan to develop opportunities for entry level positions in new emerging industries, like cyber security in line with the demand within the labour market. The project will target registering 500 young people and supporting 78% to progress to positive destinations. The allocation of young people across the three areas will be as follows: Inverclyde 150 / East Ayrshire 150/ Glasgow 200.
