Dundee Local Authority

2015/16

About CashBack for Communities

CashBack for Communities is a Scottish Government programme which takes funds recovered from the proceeds of crime and invests them into free activities and programmes for young people across Scotland. Inspiring Scotland is the delivery partner for the CashBack for Communities programme, appointed in July 2012.

- CashBack invests monies seized from criminals under the Proceeds of Crime Act 2002 back into our communities.
- Since 2008 the Scottish Government has committed £92 million to CashBack / community initiatives, funding community activities and facilities largely, but not exclusively, for young people.
- CashBack supports all 32 Local Authorities across Scotland.
- Sporting and recreational activities / culture / mentoring and employability / community projects.
- CashBack has delivered nearly 2 million activities and opportunities for young people.
- Phase 3 of CashBack runs to end March 2017 and is focused on positive outcomes for young people.

CashBack for Communities: Aims

CashBack activities:

- Use the proceeds of crime in a positive way to expand young people's horizons and increase their opportunities to develop their interests and skills in an enjoyable, fulfilling and supportive way.
- Are open, where possible, to all children and young people, while focusing resources in those communities suffering most from antisocial behaviour and crime.
- Seek to increase levels of participation to help divert young people away from 'at risk' behaviour, and will aim to increase the positive long-term outcomes for those who take part.

£75m Proceeds of Crime funds committed from launch in 2008 to 2017

All **32** Local Authorities impacted

Nearly **2m** activities and opportunities provided for young people

Key principles: Positive, Open to all, Developmental and Sustainable

Contributes to **National Outcomes:**

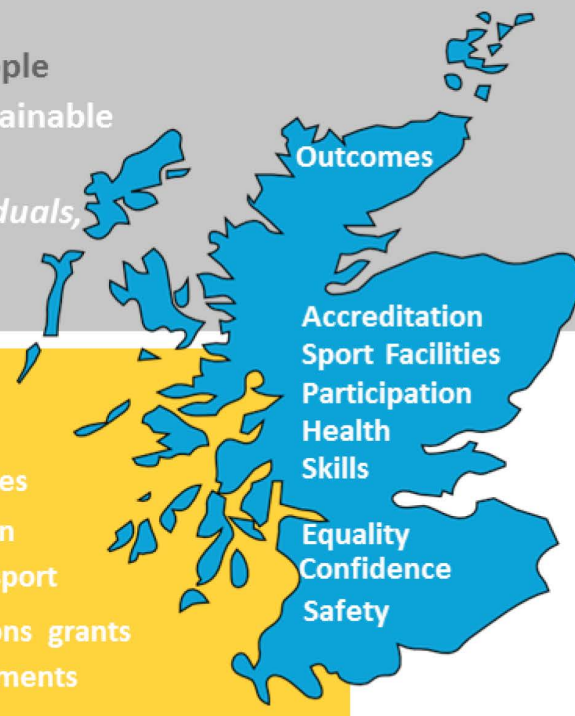

4 – ‘Our young people are successful learners, confident individuals, effective contributors and responsible citizens’

9 – ‘We live our lives free from crime, disorder and danger’

Supporting activities across:

- Culture film making, dance and music
- Sports diversionary and participatory sports activities
- Employability training, mentoring and accreditation
- Sport for Change personal development through sport
- Youth Work project funding, uniformed organisations grants
- Sports Facilities pitches, floodlights and club improvements

"The project provided me with structure and a reason to get up in the morning. I developed new social skills and built on my confidence and through the Programme I found a new sense of self-worth."

"I have noticed a huge improvement in myself; I am determined to start a new and different challenge in my life. The CashBack Programme has really helped me on my way."

"I'm not sure where I would be if I hadn't discovered Twilight Basketball. It has definitely had a real positive influence in my life."

Activity number represents the number of activities and opportunities that young people have taken advantage of as a result of CashBack funding. It should be noted that CashBack partners may have worked with some of the same young people over a number of years. Therefore the total annual activity and opportunity figures might not directly correlate to the number of individual young people who have been involved with CashBack.

Historic CashBack funding (2008 -2016)

Examples of CashBack funded activities up to 2016

The **Small Grants Scheme** consortium has been a beneficiary of CashBack funding in Dundee since 2008 and this has included supporting Boys Brigade, Girlguiding Scotland, and Clubs for Young People activities across the area.

YouthLink Scotland, through the Youth Work Fund, has supported capacity of young people and youth work organisations. Examples in the Local Authority include Tayside Council on Alcohol, Yusuf Youth Initiative, The Shore, BIKE-IT, Hot Chocolate Trust, and LGBT Scotland.

Creative Scotland, through their CashBack for Creativity fund, has supported organisations in the area including Dundee Dance Partnership.

Prince's Trust Development Awards have been used to support a number of young people in the area including funding to purchase IT equipment.

The **Link Up** project supported by Inspiring Scotland and the CashBack programme until 2014, facilitates, supports and evidences ways that individuals and communities can build their social connections and help and trust each other. In Dundee the Link Up operation is based at Whitfield.

Basketballscotland has supported a number of clubs in the area, including Tayside Musketeers and Menzieshill Madsons providing coaching assistance and organising activities and courses for young people in the area as well as providing coaching support for young people at Dundee Uni.

Scottish FA runs a School of Football initiative at Craigie High School, one of 26 across Scotland. A social and academic programme, the 32 pupils involved receive 1 hour per day activities within their curriculum. The SFA also manages the Midnight League programme which provides activity at Dawson Park on Friday nights and also Street Football where the SFA has supported local clubs in delivering programmes in Cheviot Hill, Grove Academy, Menziehill Community Centre and Lynch Sports Centres.

Scottish Rugby Union runs broad participation activities in Dundee and the CashBack has provided part funding of two full time rugby development officers at Dundee Eagles and Morgan Rugby Clubs. Morgan Academy has been a School of Rugby since 2011 involving nearly 30 young people in S1 and S2.

Dundee – CashBack Outcomes: Case Studies

When J began engaging with the Street Soccer Dundee programme he was living in homeless accommodation and was misusing legal highs to a dangerous level. He had a difficult relationship with his family and as a consequence had little contact with them. He first started attending weekly drop-in sessions and then soon accessed the one to one support available from the Change Worker. Through his relationship with staff, J was able to identify some of the difficulties he was facing and to start looking to, and planning for, his future.

With support from the Change Worker he was able to start identifying goals and the changes he needed to make to his life to achieve them. He began volunteering with Street Soccer and accessed a number of personal development and accredited learning opportunities. He has gone on to achieve his Saltire Award for his commitment to volunteering and has been supported to gain employment with a local supermarket. Since starting with the programme his drug use has reduced dramatically and he has started providing peer support to other young people facing similar issues.

The Scottish Football Association's Girls and Women's programme has been working hard to use football as a tool to engage with young girls who may be at risk from difficult social situations. A young girl in Dundee 'C' was unfortunately subject to bullying at her school which culminated in her being admitted to hospital due to weight loss. This dangerous drop in weight was a result of anxiety attacks along with very low self-esteem.

C had struggled to make friends until she joined her local girls' football club, where the interaction with other girls her age has allowed her to feel accepted by peers for the first time in several years. Club and Scottish FA staff were made aware of C's difficulties and because of the CashBack for Communities funding of the Development Officer in Dundee, they were able to help at her at every opportunity to participate as fully as possible in club and regional activities.

Following two years of support, C is no longer required to regularly visit the hospital to monitor her weight. This year she attended the East Region girls' holiday football camp, which was a real milestone in her improvement as she had previously been unable to stay any length of time away from home. C's improved mental state has been mirrored with success on the pitch as she has recently been selected for the East region performance squad and attended the National Camp weekend, something which C would certainly not have managed just two years previously.
