About CashBack for Communities

CashBack for Communities is a Scottish Government programme which takes funds recovered from the proceeds of crime and invests them into free activities and programmes for young people across Scotland. Inspiring Scotland is the delivery partner for the CashBack for Communities programme, appointed in July 2012.

- CashBack invests monies seized from criminals under the Proceeds of Crime Act 2002 back into our communities.
- Since 2008 the Scottish Government has committed £92 million to CashBack / community initiatives, funding community activities and facilities largely, but not exclusively, for young people.
- CashBack supports all 32 Local Authorities across Scotland.
- Sporting and recreational activities / culture / mentoring and employability / community projects.
- CashBack has delivered nearly 2 million activities and opportunities for young people.
- Phase 3 of CashBack runs to end March 2017 and is focused on positive outcomes for young people.

CashBack for Communities: Aims

CashBack activities:

- Use the proceeds of crime in a positive way to expand young people's horizons and increase their opportunities to develop their interests and skills in an enjoyable, fulfilling and supportive way.
- Are open, where possible, to all children and young people, while focusing resources in those communities suffering most from antisocial behaviour and crime.
- Seek to increase levels of participation to help divert young people away from 'at risk' behaviour, and will aim to increase the positive long-term outcomes for those who take part.

Perth & Kinross – CashBack Outcomes: Case Studies

CashBack has made a huge difference to the lives of young people. We have captured information on individual case studies for CashBack partners which demonstrate the impact delivery activities have had to those participating. These can be accessed on the CashBack website at <http://www.cashbackforcommunities.org/>

'B' immigrated to Perth from Turkey and went to school there. She was always interested in sport and, through the basketballscotland's CashBack funded coaching programme, was able to increase her skill levels. Since that time she has demonstrated leadership, creativity, co-operation, dedication and has devoted her effort to the development of basketball. She is considered a great role model for the youngest kids involved in the sport in Tayside & Fife. "I started playing basketball mainly because I just liked sports in general and wanted to try something different. When I first started we had some really good players in the school team, as a new player I just wanted to do the things they were able to do". B now coaches and referees at Perth Phoenix. She also helps out with coaching at school and CashBack for Communities Regional Development Leagues. She is committed to pass all her basketball qualifications. Basketball has given B a real focus in her teenage years. Basketball has influenced B in a positive way as loving basketball gave her a goal and a target to achieve. Her involvement in the sport has had a huge effect on her character as she learnt how to get on well with different people which means that she can do the same.
